

## TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each international trade. Transporting industrial goods occurs each day on our hectic world. Primarily innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these equipment spread globally.

Originally established as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first lift truck. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM started constructing forklift manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated expertise and technology, TCM has been proudly making various models of industrial trucks, making their models recognizable all over the world. With a strong and energetic employees, TCM has been able to continually work towards becoming a future leading material handling business.
