

## **Lull Telehandler Part**

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since the year 1959. Whether the job requires transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler would really help make the task go faster and easier. These units are complete with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement functionality. There are even numerous optional Lull accessories for their telehandlers in order to help complete whichever work.
